

Kenosis

© 2011 Mechanization | www.mechanization.us

Awakening infinity
We struggle to define mortality
Theology, mythology
Searching for the frame that sets us free

You want the energies for eternity
Impassibility for all which is emptied

Strengthening through tragedy
We struggle in the hope of deity
Humanity is beckoning
Attempting to defy reality

You want the energies for eternity
Impassibility for all which is emptied

Kenosis...
