

Hallowed Ground

© 2016 Mechanization | www.mechanization.us

We've been here for a while
Tending land for miles and miles
I love my domicile
I love my freedom
'Cause I walked the earth and I found what I call home
I travelled far, now this land I call my own

We gave it all for this ground
Because we journeyed and we love what we found
We gave it all just for the sound of our freedom, which we celebrate loud

We battled for the day
Fighting all to protect our ways
I know it's not the same
But we have freedom
'Cause I walked the earth and I found what I call home
I travelled far, now this land I call my own

We gave it all for this ground
Because we journeyed and we love what we found
We gave it all just for the sound of our freedom, which we celebrate loud

We fought for all so we could have our freedom

We brought the fire
We showed them all
We'll never follow
We'll walk ahead alone

We gave it all for this ground
Because we journeyed and we love what we found
We gave it all just for the sound of our freedom, which we celebrate loud

We brought the fire
We showed them all
We'll never follow
We'll walk ahead alone
